## High Quality

Our products are produced with the highest quality, ethical standards and in accordance with the international standards

## Resistant

Our abrasion and wear resistant products come with different heights, colour options and unique characteristics

## Long Lasting

Artificial turfs are easy to maintain and cheap, as well as have a very long life with low maintenance

REFORM SPORTS' synthetic turf is produced with new generation monofilament yarns provides high-quality and provides maximum-performance for training and professional football pitches. Delays wear and tear due to modern yarn design and features. For many years; ball roll and bouncing and shock absorbing values remain in accordance with international standards. It doesn't reduce player's performance, it is environmentally friendly and recyclable.

# ARTIFICIAL GRASS

## Natural Appearance

It is produced with monofilament yarns for aesthetic and more natural appearance

## High UV Resistance

It is produced with special UV resistant additive. Besides being resistant to UV rays, it is also resistant to cold weather

## Nature Friendly

Our products are manufactured with environmental awareness and consist of recyclable materials with the use of effective technology and com-
