STANDARD FOOTBALL FIELD

**FIFA
QUALITY
PRO**

**INTERNATIONAL
MATCH
STANDARDS**

High Quality

Our products are produced with the highest quality, ethical standards and in accordance with the international standards

Resistant

Our abrasion and wear resistant products come with different heights, colour options and unique characteristics

Long Lasting

Artificial turfs are easy to maintain and cheap, as well as have a very long life with low maintenance

HYBRID GRASS

Hybrid Grass is basically a combination of synthetic grass and natural grass. Hybrid Grass is a natural grass reinforced by a combination of artificial turf fibers.

Natural Appearance

It is produced with monofilament yarns for aesthetic and more natural appearance

High UV Resistance

It is produced with special UV resistant additive. Besides being resistant to UV rays, it is also resistant to cold weather

Nature Friendly

Our products are manufactured with environmental awareness and consist of recyclable materials with the use of effective technology and components

ATHLETICS TRACK

SANDWICH SYSTEM

High Quality

Our products are produced with the highest quality, ethical standards and in accordance with the international standards

Resistant

Our abrasion and wear resistant products come with different heights, colour options and unique characteristics

Sandwich System is Long Lasting

Easy to maintain, as well as have a very long life with low maintenance

Sandwich System Floor is durable, long-lasting and resistant to all weather conditions used in international competitions. The system is water permeable and has shock resistance. It is a ground resistant to puncture. The floor has a granulated surface that prevents slipping.

Natural Appearance

it is produced with SBR, binder EPDM and polyurethane, it is aesthetic, flexible and long lasting

High UV Resistance

It is produced with special UV resistant additive. Besides being resistant to UV rays, it is also resistant to cold weather

Nature Friendly

Our products are manufactured with environmental awareness and consist of recyclable materials with the use of effective technology and components

PARQUET

Wooden Flooring Sports Floors meets; ergonomic needs of athletes with its innovative design, energy recovery, power consumption reduction ect. It is regularly subjected to quality tests with different parameters to ensure excellent shear resistance, scratch strength and durability.

FOOTBALL FIELD

FOOTBALL FIELD

V-POWER

V-Power is a synthetic turf which is built with new generation monofilament yarns and it provides high-quality, maximum-performance for training and professional football pitches. Delays wear and tear due to modern yarn design and features. For many years; ball roll and bouncing values remain in accordance with international standards. It doesn't reduce player's performance, is environmentally friendly and recyclable.

SWIMMING POOL

MULTIPURPOSE FIELD

TARTAN

Tartan Ground consists of two layers and is water permeable. It is a flexible sports floor with raw materials of EPDM and SBR granules. Used on athletics tracks, basketball courts, tennis courts, children's playgrounds and indoor sports grounds. It can be used without spoiling for a long time with its structure which is not affected by hot and cold weather conditions.

BASKETBALL

VOLLEYBALL

TENNIS

TENNIS COURT

ACRYLIC

Acrylic Floor is a system that is resistant to UV rays which are quick drying and suitable for all weather conditions for outdoor and indoor field applications. It is used in tennis courts, athletics tracks and multi-purpose sports fields. Acrylic Floors are designed to meet the needs of athletes.

CHILDREN PARK

RUBBER TILE

Rubber Tile Floor is a structurally durable floor covering system which is resistant to all weather conditions. It is more demanding than normal rubber floors and has been used without any problem for many years.

FITNESS

RUBBER TILE

Rubber Tile Floor is a structurally durable floor covering system which is resistant to all weather conditions. It is more demanding than normal rubber floors and has been used without any problem for many years.
